

Simple RPA Solution & Digital Workforce Agents

By Kivanç Sürel
CEO, Co-founder KRONNIKA

*Our Story began with
this question:*

**Can you
make
ROBOTS?**

Can we ?

RPA

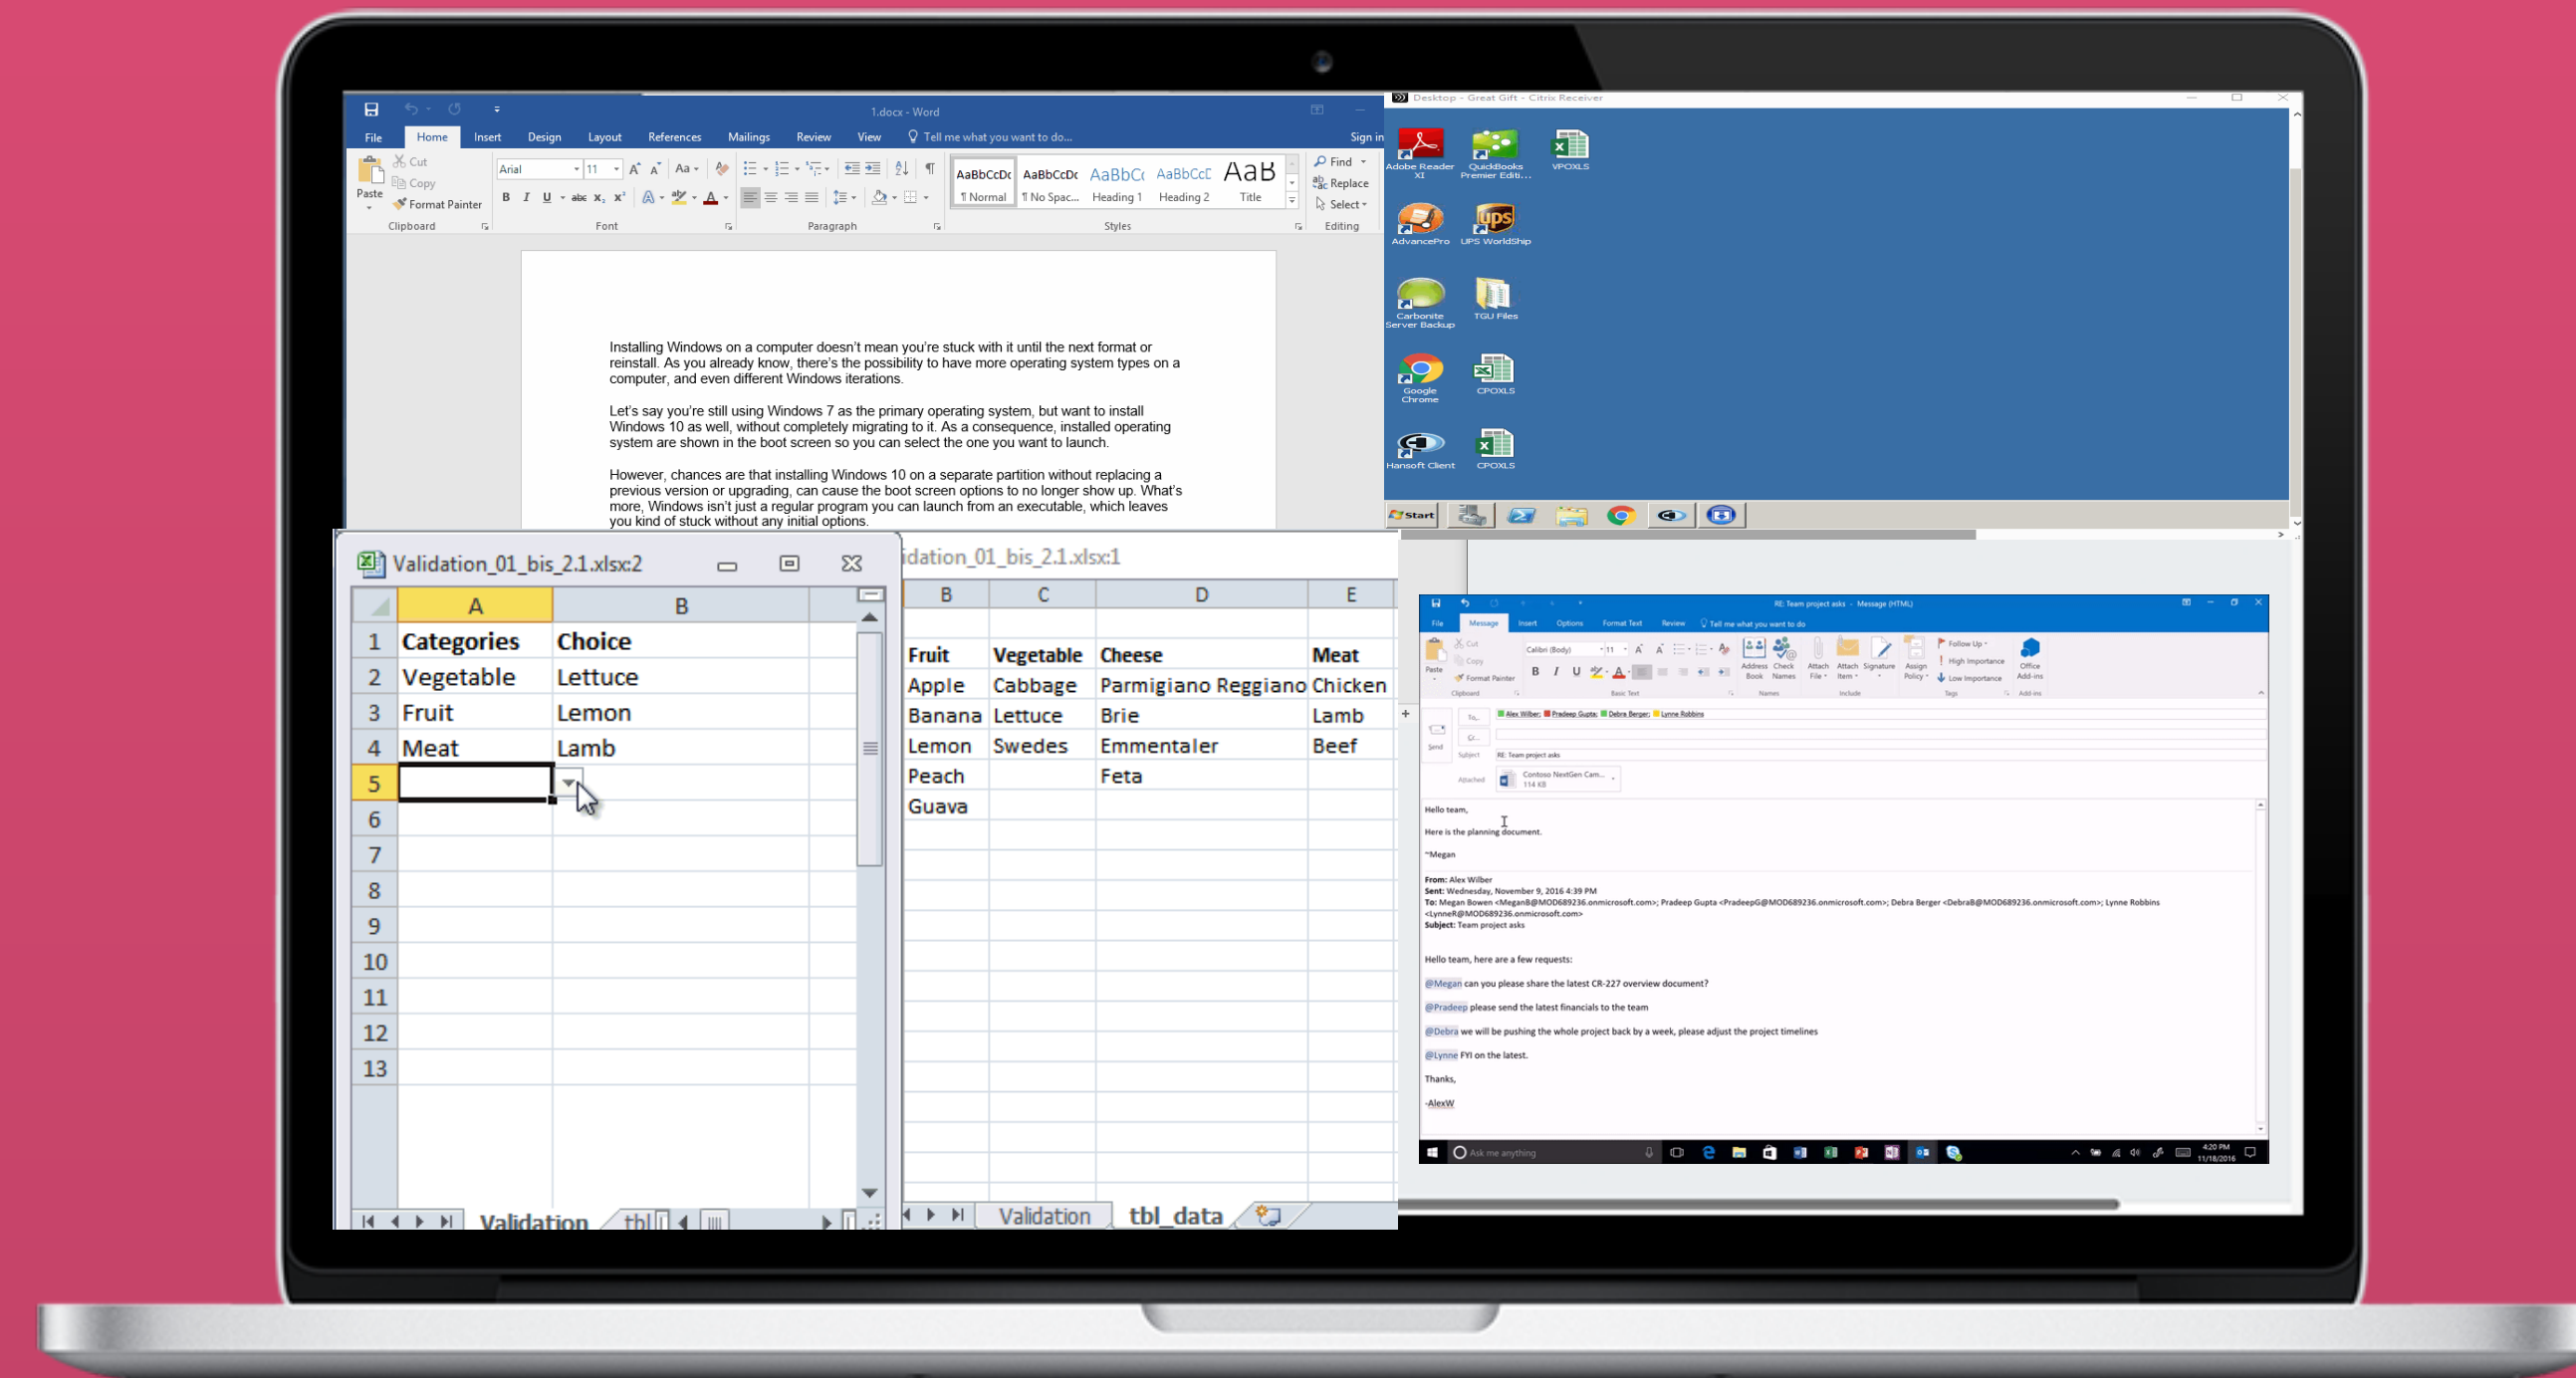

What is it ?

RPA is a Journey to having more time at work, struggling with less boring stuff & doing what you like the most with help of software robots.

RPA

Why now ?

Because, number of applications we use on daily basis increased way too much.

People are spending too much time among tasks that actually do not need human attention.
